

A matter of the heart

People are ruled by their hearts according to scripture.

The heart encompasses one's character, personality, feelings and intellect. The condition of our hearts determines the course of life and relationship with God.

This summer, we are invited to examine our hearts as we explore the stories of David and the people in the time of the first kings of Israel.

There are several ways for you to join:

- ♥ **Worship with us on Sundays in-person and online.**
- ♥ **Reflect on your own with the weekly Bible reading plan.**
- ♥ **Go deeper with Pastor Heather and a small group on Tuesdays at 7:00pm (at the church and on Zoom).**
- ♥ **Get midweek refreshment on Thursdays at 8:00pm on Facebook.**

We can relate to people who have experienced God's deliverance and blessings but still struggle to imitate God's heart which causes personal problems, family conflicts and social violence.

May we receive grace to change our hearts and lives and learn to follow Jesus more.
