- The widow was preparing for her & her son to die...she had no hope. Along comes Elijah & asks her to not just share with him but to serve him first the little bit of food she has left. This required the widow to trust there would be enough for her and her son. Do we trust God enough to tithe off the top of our income? Do we trust that God will take care of us as we step out in faithful obedience to tithe? Ask the Holy Spirit to help you trust God with all of who you are.
